Golden Apple is the first boutique hotel to open in Moscow, one of the most trendy cities in the world. Distinctive traits of the hotel are the unique decor and its avantguard atmosphere, highlighted by 8 impressive Notte S9 reflecting light throughout the Apple Bar.

### Product Focus

#### Notte MT - Equilibre F30

Notte MT S3.S33.S5.S7 Mengotti / Prandina, 2008 The Notte family is continuously increasing! Along side the traditional models, we are now presenting a version with a metal diffuser. External lucid finish and internally opaque in the following colours: white/white, white/orange, grey/white, black/white

Equilibre fluo F30 Luc Rameal, 2004 This new product not only illuminates, it is light. Its body diffuses downwards a sensual light. The structure is opaque white and made of glass-reinforced plastic; the opaline white plexiglass diffuser has a termoformato finish.

### Future dates...

#### Kortrijk

More than 95 000 design lovers hit Kortrijk between October 17th and 26th. Both international and professional interest are rising for this Belgian appointment. INTERIEUR 08 Biennale in Kortrijk came to an end on Sunday, and again it proved to be the perfect window for the launch of two splendid Prandina products: Equilibre fluo F30 e Notte MT.
